

Revival Gold Files Technical Report on Arnett Creek

NOT FOR DISTRIBUTION TO UNITED STATES WIRE SERVICES OR DISSEMINATION IN THE UNITED STATES

Toronto, ON. - July 21, 2017 – Revival Gold Inc. (TSXV: RVG.H) (the "Company") announces the filing of a technical report entitled "Arnett Creek Property Lemhi County, Idaho, United States Technical Report" and dated June 27, 2017 (the "Report"). The Report has been filed on the Company's SEDAR profile at www.sedar.com and on Company's website at www.revival-gold.com.

The Report was prepared by Resource Evaluation Inc. at the request of Hugh Agro, President and Chief Executive Officer of Revival Gold. The Report was authored by Donald F. Earnest, P.Geo., a Qualified Person.

About Revival Gold Inc.

Revival Gold Inc. (previously Strata Minerals Inc.) is a growth focused gold exploration and development company. The Company holds rights to a 100% interest in the Arnett Creek Gold Project located in Lemhi County, Idaho.

In addition to its interests in Arnett Creek, the Company is pursuing other gold exploration and development opportunities and holds a 51% interest in the Diamond Mountain Phosphate Project located in Uintah County, Utah.

Additional disclosure of the Company's financial statements, technical reports, material change reports, news releases and other information can be obtained at www.revival-gold.com or on SEDAR at www.sedar.com.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this news release.

Cautionary Statement

This News Release includes certain "forward-looking statements". These statements are based on information currently available to the Company and the Company provides no assurance that actual results will meet management's expectations. Forward-looking statements include estimates and statements that describe the Company's future plans, objectives or goals, including words to the effect that the Company or management expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as "believes", "anticipates", "expects", "estimates", "may", "could", "would", "will", or "plan". Since forward-looking statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Actual results relating to, among other things, the relevance and reliability of the resource estimates in the Report, results of exploration, project development, reclamation and capital costs of the Company's mineral properties, and the Company's financial condition and prospects, could differ materially from those currently anticipated in such statements for many reasons such as: the resource estimates in the Report may not be accurate, valid or complete; changes in general economic conditions and conditions in the financial markets; changes in demand and prices for minerals; litigation, legislative, environmental and other judicial, regulatory, political and competitive developments; technological and operational difficulties encountered in connection with the activities of the Company; and other matters discussed in this news release. This list is not exhaustive of the factors that may affect any of the Company's forward-looking statements. These and other factors should be considered carefully and readers should not place undue reliance on the Company's forward-looking statements. The Company does not undertake to update any forward-looking statement that may be made from time to time by the Company or on its behalf, except in accordance with applicable securities laws.
